WREATH MAKING OF THE MONTH CLUB

– Southern Charm Wreaths –

The inspiration for this wreath is winter. So many times wreath makers ask me what to sell or hang on a door after Christmas and this is when I like to make winter wreaths.

Winter wreaths are evergreen wreaths! Just like the evergreen found outdoors during the winter months, they stay green year round. Winter wreaths are my favorite wreath to make because they are so simple and fast to make. They can be made with or without flowers, with or without snowy elements, compact or airy.

Items to include in winter wreaths could be evergreen, pine, or boxwood, berries (of all colors), eucalyptus, winter flowers, pine cones, etc... After Christmas sales are the perfect time to stock up on these items for making winter wreaths. I would shy away from ornaments when making winter wreaths so as not to look too Christmassy.

Thanks to Trendy Tree for providing our members with a kit at a discounted rate! If you choose to purchase the kit from Trendy Tree, use customer code **125203278** and receive a discount while supplies last.

To purchase the kit, head to [TrendyTree.com](https://www.trendytree.com) and enter this code into the search box: 125203278

Once you place the kit or any items related to this month's kit in your shopping cart, use the same code as a coupon during checkout to receive 10% off your purchase. This code can only be used by you once and can't be combined with any other Trendy Tree discounts.

Remember, if you spend \$129+ with Trendy Tree, you'll receive free shipping.

Video(s)

First, you can find the featured training tutorial for this month's project by using the password protected link below.
